	14:30-15:00	COFFEE BREAK AND POSTER VIEWING		
	15:00-16:15	Session 1: Diagnostics Chairs: <i>Mirjam Blattner-Johnson and Algars Dzalbs</i> Anne Tierens (University of Toronto, Canada) "Measurable residual disease in AML: what we learned" Dace Enkure (Children's Clinical University Hospital, Latvia) "A look at pediatric oncology from the perspective of a genetics laboratory, Latvian experience"	NOBOS Roundtable: Moderator: Stefan Nilsson "Procedural pain" Moderators: Helena Hansson, Rikke Thénning Michelsen "Homecare" Moderator: Gitte Petersen "Vascular Access" Moderators: Marianne Jarfelt, Vigdis H. Viggosdottir "Late effects"	
	16:30-17:30	Free Papers Chairs: <i>Goda Vaitkeviciene and Mirjam Blattner-Johnson</i> Yolande Klootsema (Sweden) "Evaluation of targeting IMPDH to inhibit SAMHD1 in KMT2A-rearranged leukemia" Runqing Zhang (Sweden) "SIPA1 loss boosts immune response preventing acute myeloid leukemia" Karen Henriette Hustveit (Norway) "Incidence and management of posttransplantation lymphoproliferative disorder after pediatric solid organ transplantation: the Norwegian experience" Anna Raita (Latvia) "MEA quality of life of long-term childhood acute lymphoblastic leukemia survivors in Latvia and comparison with healthy individuals" Camilla Poulsen (Denmark) "Measurable residual disease monitoring during treatment for pediatric acute myeloid leukemia in first relapse predicts outcome"	16:30-17:15 Free Papers "Moving forward" Chairs: <i>Hanna Koskinen and Kamilla Toffing-Olesen</i> Rikke T. Michelsen (Denmark) "Evaluation of home intravenous therapy for children and adolescents with cancer" Anne Sophie Fassel-Larsen (Denmark) "Implementation of delegated rights for nurses to adjust maintenance treatment for children with leukemia or lymphoma" Cecilia Bartholdson (Sweden) "Under-researched areas in paediatric oncology nursing – Swedish healthcare professionals perceptions"	
	17:30-18:00	Rapid Fire Monika Kapitancuke (Lithuania) "Immunohistochemistry analysis of carbonic anhydrase IX and immune response markers in pediatric gliomas" Nina Mogensen (Sweden) "Overcoming brigatinib resistance with lorlatinib in pediatric ALK positive anaplastic large cell lymphoma with acquired ALK p.F1174V mutation – a case report" Tautvydas Uza (Lithuania) "Managing persistent iron-deficiency anaemia: a clinical challenge of SMAD4 gene mutation" Greta Venckute (Lithuania) "Familial essential thrombocythemia in childhood: a case series of children with THPO gene mutation" Justina Grigaliene (Lithuania) "Recurrent cerebral sinus venous thrombosis in a pediatric leukemia patient: the role of mechanical thrombectomy" Monika Kapitancuke (Lithuania) "Initiation of PanCare Survivorship Passport (PanCareSurPass) at Vilnius University Hospital Santaros Klinikos" Hala Habash (Sweden) "Targeting resistance factors to improve combination chemotherapy for osteosarcoma" Triin Pohlak (Estonia) "Overview of paediatric soft tissue sarcoma patients diagnosed in Estonia in 2015-2024" Gustaf Leijonhufvud (Sweden) "Prevalence of human pegivirus in children with leukemia-related disease" Karoline Ruus Provt & Malaika Brøndsted Jacobsen (Denmark) "Adrenal function following induction treatment for acute lymphoblastic leukemia in children: a comparison of prednisolone and dexamethasone" Dorota Malgorzata Wojcik (Norway) "Palliative care for children and adolescents in Western Norway" Agnes Aas (Estonia) "This experience cannot be erased... it left a deep hole in me." Perceptions of parents of childhood cancer survivors on adapting to normalcy"		
	19:00-20:00	Old Town Walking Tour		
	20:00-23:00	NETWORKING RECEPTION AT LATVIAN NATIONAL HISTORY MUSEUM RIGA CASTLE		

Day 2 Sunday, May 25	07:00-08:00	Fun & Run in OLD TOWN	
	09:00-09:45	Nopho Lecture Chair: Päivi Lähteenmäki and Mirjam Blattner-Johnson Kim Vettenranta (University of Helsinki, Finland) "Hematological cell therapy – taking steps forward"	
	09:45-10:30	Mary Beve Symposium Chair: Päivi Lähteenmäki and Mirjam Blattner-Johnson Uta Dirksen (University of Duisburg-Essen, Germany) "Ewing sarcoma"	
	10:30-11:00	COFFEE BREAK	
	11:00-12:00	Session 2A: Solid tumors Chair: Raimonds Bricis Beate Timmermann (Essen University Hospital, Germany) "Radiotherapy in solid tumours of childhood"	NOBOS General Assembly
	12:00-13:00	SHERLOCK HOLMES LUNCH SYMPOSIUM	
	13:00-15:00	Session 2B: Solid tumors Chair: Lauris Repsa, Pernille Wendtland, Jukka Kanerva Roger Olofsson Bagge (Sahlgrenska University Hospital, Sweden) "Locoregional cancer therapies for inoperable metastases in limbs and liver" Dimosthenis Andreou (University Hospital Essen, Germany) "The impact of surgical treatment on the outcome of patients with pediatric bone tumors"	NOBOS Keynote Chair: Maria Olsson Linda Abramovitz (University of California, USA) "Building on a Decade of Achievements: The SIOP Baseline Nursing Standards for Pediatric Oncology" Free Papers "Family" Chairs: Gitte Petersen and Elena Jurkute Josefine Tang Rørbech (Denmark) "Siblings' lived experiences of transitions between hospital and home in paediatric oncology: a qualitative study" Carina Rinaldo (Sweden) "When a healthy child donates stem cells to a severely ill sibling – parents experience" Minna Devantier (Denmark) "Siblings of children with cancer and their challenges in and across their everyday life contexts – a two-phase study in Denmark" Minna Devantier (Denmark) "Support for siblings of children with cancer – siblings' and parents' feedback on an intervention proposal (SUPREME)"
	15:00-15:30	COFFEE BREAK AND POSTER VIEWING	
	15:30-16:30	Free Papers Chairs: Jukka Kanerva and Marika Grutupa Ginte Grubliauskaite (Lithuania) "Hematopoietic stem cell transplantation for the treatment of primary immunodeficiencies: experience from Lithuania, Maria Thastrup (Denmark) "Flow cytometry of cerebrospinal fluid identify central nervous system involvement in childhood non-Hodgkin lymphoma" Lauri-Matti Kulmala (Finland) "Immune thrombocytopenia in Finnish children and adolescents: a population-based cohort study" Inese Lietaviete (Latvia) "Parental perceptions of childhood cancer in Latvia: coping and posttraumatic outcomes"	Free Papers "Family" Chairs: Lily-Ann Dunsæd and Johanna Rosdal Pernille L. Sørensen (Denmark) "Development and implementation of a family navigator function to assist families navigating the complex cancer treatment" Kamilla Tofting-Olesen (Denmark) "Parents' experiences of everyday life shortly after their child has completed treatment for cancer: a qualitative study" Free Papers "Working in clinical trials" Chair: Lily-Ann Dunsæd and Johanna Rosdal Luise Thellesen (Denmark) "Can we improve the informed consent process in phase 3 pediatric cancer trials? A pilot" Caroline Flemming Bendixen (Denmark) "Cross-border access and participation in pediatric clinical trials – describing and evaluating workflows"
	16:45-18:00	General Assembly	
19:00-23:00	GALA DINNER AT HOUSE OF BLACK HEADS		

Day 3 Monday, May 26	09:00-10:00	Free Papers Chairs: Zanna Kovalova and Vigdis Viggosdottir Sonata Saulyte Trakymiene (Lithuania) "Underdiagnosed bleeding disorders in adolescent females with menorrhagia and anemia: gaps in diagnosis and management" Goda Vaitkevičienė (Lithuania) "Neonate and infant myeloid neoplasia in Lithuania. Sixteen years of experience" Emma Nordh (Sweden) "Quality of life, neurocognition, and motor function in adolescents treated with CNS-directed therapy during childhood" Keita Augstkalne (Latvia) "Gamification and augmented reality for physical activity monitoring in pediatric oncology: a step towards patient-centered care" Anna Pouplier (Denmark) "Gross motor function in preschool children newly diagnosed with cancer—data from the REPLAY trial"
	10:00-10:15	COFFEE BREAK
	10:15-11:45	Session 3: Adverse effects of pediatric oncology management Chairs: Auður Guðbrandsdóttir and Elizabete Cebura Marianne Jarfelt (Sahlgrenska University Hospital, Sweden) "Approach to the surveillance and management of late effects in pediatric cancer survivors" Zane Avotina (Children's Clinical University Hospital, Latvia) "Taking Care of Others Without Losing Yourself: Burnout Risks and Prevention in Healthcare" Lasma Lidaka (Children's Clinical University Hospital, Latvia) "Let's Talk About It: Sexuality and Cancer in Youth"
	11:45-12:00	COFFEE BREAK
	12:00-13:20	Session 4: Ethical aspects on communicating bad news Chairs: Anne Gro Wesenberg Rognlien and Gitte Petersen Cecillia Bartholdson (Karolinska Institute, Karolinska University Hospital, Sweden) "Introduction including presentation about case related to ethical aspect of communication bad news" Elisabeth Tiselius (Stockholm University, Sweden) "The interpreters perspectives of communicating bad news" Panel Moderators: Cecilia Bartholdson Q&A with Elisabeth Tiselius and members of WGE
	13:20-13:30	Closing session
	13:30-14:00	LIGHT LUNCH
